REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Upon reconsideration, the Examiner now finds Applicants argument that the Wilbur (US 2,338,749) reference "does not disclose ... a sheet of non-porous material comprising a plurality of stand-offs and having an adhesive continuously disposed thereupon" (Appeal Brief, page 5, second paragraph) persuasive. In particular, it is noted that in Figs. 1-5, Wilbur teaches an adhesive sheet with discontinuous adhesive in recessed regions of an embossed film, and the recessed region is separated by ribs, whereas the instant invention is directed to a continuously disposed adhesive layer, and a plurality of non-connected "stand-offs". As such, the structure of the instant invention is non-obvious and distinct over Wilbur.

Conclusion

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
